Student's Departmental File

685 PROBLEMS COURSES

These courses are special courses calling for individual work to meet specific needs of a specific student. They are NOT for general use as electives. A student wishing to enroll in a 685 must have a specific reason for taking this approach rather than a regular course.

As stated in the catalog, a 685 is intended to cover:

“directed individual study of a selected problem in the field of sociology.”

Prerequisites are:

1. Permission of the supervising faculty member
2. Approval of a Graduate Advisor
3. Graduate classification

It is further understood that:

1. Individual consultation and agreement between student and faculty will precede this formal, written request.
2. A final written report will be graded by the faculty director and filed permanently in the department concerned with the application form.
3. Although clock hours are not absolute or limiting, a general guideline is the expenditure of a minimum of 45 clock hours per semester hour of credit requested.
4. There will be regular consultation between the student and the faculty supervisor as agreed upon at the beginning of the project.
